**** COVID Disclaimer****

The following document is aimed at what HMP Channings Wood aims to offer for both Families/Significant others and the people in our care. Due to the COVID 19 Pandemic some services may be affected. We are constantly reviewing what services we can offer when it is safe for staff, prisoners and their loved ones.

Introduction

“I do want to hammer home a very simple principle of reform that needs to be a golden thread running through the prison system and the agencies that surround it.

That principle is that relationships are fundamentally important if people are to change.

“

LORD FARMER REVIEW 2017

At HMP Channings Wood we all have a responsibility to help maintain all positive relationships.

Supporting a person in our care to develop meaningful and constructive relationships with their family or significant others is vitally important, especially considering the distance some families may have to travel to visit their loved ones.

For the purpose of this document, Family is defined as either a relative or significant people that a person in our care identifies as providing a constructive and supportive relationship.

At HMP Channings Wood we want to make visits less daunting, more child friendly and stimulating for all that attend whilst adhering to all security procedures.

HMP Channings Wood is committed to developing new ideas and supporting those who do not have visits to help build or repair relationships or to gain support during and after release.

Choices Family Services

It has long been acknowledged that prisoners who have maintained family ties are far less likely to re-offend. Children and families can play a significant role in supporting prisoners to make and sustain changes, which can improve many outcomes and reduce re-offending.

For many families, relationships are put to the test when a family member goes to prison. Prisoners and their family members/significant others may struggle in many areas such as; how and what to tell the children when their loved one goes to prison - how to tackle financial concerns - how to keep in contact - how to book a visit – how to cope effectively without their loved one at home – how to raise a concern about one another etc. Some families may struggle to discuss their situation with people they know for fear of recrimination. The CHOICES team are on hand to help with all these issues and more.

Prisoner Inductions

CHOICES staff talk to all new prisoners within their first few days of being in HMP Channings Wood offering support for them and their families/significant other, helping them work through any immediate concerns. Information packs are sent to families upon prisoner's request.

Family Conference Meetings

CHOICES recognise the significant role that families/significant other play in the wellbeing of prisoners. Where deemed suitable, CHOICES staff offer prisoners and their family member/significant others the opportunity to attend Family Conference Meetings. These meetings facilitates prisoners and their family members/significant others to identify and discuss possible areas of need, in order to put into place relevant support networks to help reduce the likelihood of re-offending upon release.

Prisoner & Family Support

The Choices team are available to advise, support, provide up-to-date information and act as advocates for prisoners and their families/significant others throughout their time in HMP Channings Wood. Prisoners can request help by asking a staff member to contact the CHOICES on their behalf or by completing and submitting a General Application Form which are located on the wings.

Play in prison

CHOICES offer supervised play in the play area in the visits hall during visiting times. CHOICES also encourage all children to spend time with their loved one whilst visiting, providing toys, games and drawing materials for children to use in the play area or at their table with their loved one.

Referrals

Referring prisoners and families onto other professional bodies such as job centres, benefits, housing, drug and alcohol agencies helps enhance the likelihood of successful outcomes. CHOICES aim to ensure that accurate information about relevant support networks are available to all.

In-Cell Activity Packs

During the various lockdowns, CHOICES provide in-cell family themed activities for prisoners to complete and send out to their children and families. Activities such as card writing, puzzles, crosswords and more. These activity packs are aimed to help prisoners express their thoughts and wishes to their children and families.

Future Plans

Our commitment to visitors and people in our care in 2022 and beyond

- In Spring 2022, In-Cell telephones will be installed, which will transform family/significant others ties with the people in our care.
- We plan to add a functional email account where families/significant others can email with any ideas/suggestions to improve the experience of visiting HMP Channings Wood.
- We have recently appointed a Custodial Manager with their sole purpose is to improve the link between families/significant others and the people in our care. Watch this space!
- We are aiming to put together a friends/family council, where we will regularly meet with friends and family to discuss up to date improvements and any areas of concern/improvement. Any feedback from the meetings will be discussed internally within our family/significant other staffing structure.
- We are aiming to install large TV screens in the visits centre and visits hall to be able to keep everyone up to date with important information and any potential actions from family/significant other council meetings.
- We are looking at ways to continue to improve our facilities for children, subject to funding and security clearance. Any ideas would be welcome.
- We are in the process of conducting a huge prison survey where we will be able to identify the needs of the people in our care and what we can do to improve their time at HMP Channings Wood and how to involve their significant others in the journey.
- We are looking at holding a number of days where we celebrate the success of the people in our care. We will invite their families/significant others to the ceremonies after significant course/qualifications have been achieved to be able to celebrate success together.

How will we measure our success?

- By the number of spaces/attendees available for each visit
- By the statistics collated regarding ethnicity, race and cultural attendance on family events
- By listening to prisoners and families through regular forums, recording and sharing comments and feedback
- By feedback in the family comment book and future functional mailbox
- By the variety of family, friends and significant others visits offered
- By collating important data from the people in our care and acting on the information gained
